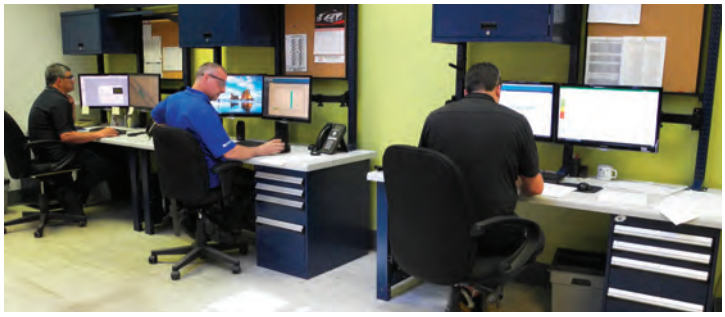
OFFICES



With a wide range of accessories available, Rousseau workcenters are a versatile and popular choice. Whether you are installing workstations for a production or assembly line, or a custom layout for your machine tool workshop, our products meet the highest standards in terms of efficiency and functionality. For an even more ergonomic workspace, you can choose an adjustable workbench that lets you perform tasks both seated and standing up.

A PERSONALIZED WORKSTATION FROM TOP TO BOTTOM

With our extensive range of accessories, you can arrange the workspace to your liking both above and below the work surface. Whether you need to store equipment in a secure place or keep your parts and tools conveniently to hand, your station can be configured to suit your requirements. When you choose a Rousseau workstation, you are making a long-term investment. They are incredibly durable and can evolve in line with your needs.
